Temporary Suspension of Lobby Air-Conditioning

During routine inspection, the Management Services Office discovered that the air-conditioning system in the main lobby is out of order. Despite initial inspection by our technical staff, the system could not be restored to normal operation. The Management Services Office has promptly contacted the contractor to carry out inspection and repair. In the meantime, electric fans have been placed in the lobby to help improve ventilation. We apologize for any inconvenience caused.

Should you have any enquiries, please feel free to contact our staff at 2458 7256.
