## Temporary Suspension of Long-Range Vehicle Reader at Front Gate

Please be informed that the Management Services Office has received a notification from the Office of the Communications Authority (OFCA) stating that the long-range vehicle reader used by the front gate has exceeded the permitted range and has caused interference with nearby mobile signal reception. OFCA has requested to cease using the reader immediately; otherwise, it may be in breach of the Telecommunications Ordinance (Cap. 106). Our contractor has been arranged to adjust or replace the relevant equipment.

To ensure compliance with statutory requirements and to avoid any legal liability, **the log-range vehicle reader has been temporarily deactivated and switched to manual operation by security personnel**. As a result, there may be slight delays in vehicle access and exit at the front gate. We kindly ask all drivers to be patient and follow the instructions of the security personnel when entering or exiting.

We apologize for any inconvenience caused. Should you have any enquiries, please contact our staff at 2458 7256 during office hours.
